Amidst the Bonnet Creek nature preserve is Golf Magazine's prestigious, "Top Courses You Can Play," – The Waldorf Astoria Golf Club.

Using the land's natural contours as a canvas and a fertile imagination as a palette, this meticulously designed course was created by acclaimed golf course architect Rees Jones. Their 18-hole masterpiece pulls in elements from several of the world's classic courses – some designed a century ago. The layout ingeniously blends its traditional character with endless subtleties for a challenging experience. Mindful of the natural elements and in homage to the game's storied history, Jones created a golf course of great integrity and environmental consciousness that seamlessly folds into the terrain, so it appears to have been here forever.

Visually stunning and immensely playable, our Par 72 golf course is enhanced by natural elements like majestic cypress trees lining the fairways and features a five-tee system to accommodate golfers of every caliber. The Waldorf Astoria Golf Club measures an impressive 7,108 yards from the Professional Tees and maintains a course rating of 74.6 and slope of 139.
